### The Story of Nila/Lipi Class 9

The main story is taken from the textbook actually. In the NCTB English textbook English for Today, you will find the story of Nila/Lipi. The story is about the high population of our country. Now we are going to describe in full detail the story of Nila/Lipi.

According to the textbook story it goes like this: Lipi, a 14 year girl was in class 9 in the year before the last in a rural school situated in Rangpur. Lipi is the eldest of total 5 children. Her father is a labour. He works in other people's land. As for her mother, she is a housewife and part-time worker at other people's house. That is why both the parents could not be able to foster 5 children at the same time. Especially, the mother has found it extremely difficult to bring them up. The only earning person is her father. Therefore, Lipi's father wanted to give her marry.

But Lipi did not want to marry. Actually she was not ready to marry at that stage. But her father insisted her. And Lipi wanted to continue her study. Then her mother understood her position. Moreover, she supported her secretly. She could not express her opinion openly. When Lipi's father arranged marriage with a farmer's son, namely, Tara Mia, she became dejected utterly. Tara is a widower. Moreover, he is illiterate person. He possess a few acres of ploughable land which he got from his father.

In addition he had influence in the village. Therefore the marriage seems to take place very soon. Nobody could hinder the marriage.
