homework .After that i completed my other subject .Then I completed
my math .After completing my study i had dinner and watched TV .
Then i went to bed

My experience of journey by boat

No i hadn't any experience of journey by train .But i have and experience of journey by boat. Last summer, I had the chance to make a journey by boat my two bosom friends were with me.We hired a boat and we started our journey from Mohadevpur to Nazipur . The river was calm. The murmuring sound and the cool breeze charmed us all .At around 11 a.m. we reached our destination. We enjoyed the journey heartily. The journey was so pleasant that I will never forget it.
